

CHRISTIAN WITNESS MINISTRIES
PO Box 15159, Miramar, Wellington 6243

cetf

annual subscription invoice

Voluntary subscription to
"Contending Earnestly for the Faith" magazine.
for 12 months ending 30 June 2009

AMOUNT TO PAY: \$40.00

Dear Subscriber

This invoice is sent together with CETF 45 as a reminder that it does cost to print and post the magazine. Payment is not compulsory. We recognise that some may be unable to pay due to the financial burden of everyday living. You will still receive the magazine if you're unable to contribute. If, however, you are able to put the invoice with this month's "bills to pay", then we would be most grateful for your payment, which will be treated as a donation and a receipt issued where requested. We intend issuing this invoice annually each September and will not trouble you again until next year. Some may be able to pay extra to cover for those who can't afford and to help us to respond to requests from third world countries.

We have a number of "Suffer the Children" DVDs in stock in New Zealand. These were being retailed for \$29.00 (\$ USA), however, we have an arrangement with the producer and can offer them for \$10 each, while stock lasts. If ordered together with your voluntary payment we will cover the cost of postage. This DVD looks at the often devastating world of television evangelism and asks the question "Is it all just a big money-making business?"

God bless you.
